FOLEY'S KIDNEY CURE

Makes Kidneys and Bladder Right

Conditions Nominal

The street cars of San Francisco
are now running all cars on sched-
ule time, day and night, and the
interior people can now make their
usual visits to San Francisco with
safety and convenience as if nothing
ever happened.

The iron trades have settled their
strike in that city and have arrived
at satisfactory terms with the Iron
Foundries and some 20,000 men
have returned to work, and this
means \$70,000.00 salary roll per
day returning to circulation.

Furthermore, the laundry people
have arranged terms satisfactorily,
and every indication also points to
the termination of the telephone
operators strike.

Conditions are very near normal
and prices on everything are very
near the same as before the earth-
quake. A large number of hotels
have opened of late in San Francis-
co and the rates are now very
reasonable and good rooms can be
had from 75c per day up.

When you feel the need of a pill
take a DeWitt's Little Early Riser.
Small pill, safe pill, sure pill. Easy
to take—pleasant and effective.
Drives away headaches, sold by
L. S. Simmons.

A New Vineyard Pest

A most destructive and hereto-
fore unknown pest has taken
possession of a forty-acre tract of
the Great Western vineyard near
Reedley, Fresno County, the prop-
erty of the California Wine Assoc-
iation. The vineyard of this sec-
tion has been completely destroyed
by a worm similar to a tobacco
worm. All the leaves are eaten,
as well as the newly formed bunch-
es of grapes, and it is feared that
the destruction may spread. A
month or two ago upon examination
there showed small specks on the
leaves which proved to be eggs.
These developed into worms which
are now proving so destructive to
the vineyard.

As this is a new form of pest to
cope with, no certain remedy is
known for ridding the vines of the
pest. Chinese have been set to
work clipping off the branches with
the worms on, and then flooding
the vineyard. The worms are three
or four inches long and appear to
be a species of tobacco worm. As
yet no signs have been manifest of
a spread of the plague.

Bert Barber, of Elton, Wis.,
says: "I have only taken four doses
of your Kidney and Bladder Pills
and they have done for me more
than any other medicine has ever
done. I am still taking the pills as I
want a perfect cure." Mr. Barber
refers to DeWitt's Kidney and
Bladder Pills, which are unequalled
for backache, weak kidneys, inflam-
mation of the bladder and all
urinary troubles. A weeks treat-
ment, for 25c, sold by L. S. Sim-
mons

Hunters' License

The State law requiring all per-
sons desiring to kill game to secure
a "Hunter License" goes into ef-
fect July first. Many application for
licenses have already been received
at the office of County Clerk Fred
Wright. Delay in issuing the
licenses was caused by the non-ar-
rival of the badges that each pos-
sessor of a license are required to
wear while in pursuit of game.

To any citizen of the United
States who is a bonafide resident of
California, a license will be issued
upon the payment of a dollar.

A person who is a citizen of the
United States and not a bonafide
resident of California will have to
pay ten dollars for a license and
one who is not a citizen of the
United States will have to pay
twenty-five dollars for a license per
annum.

For scratches, burns, cuts, insect
bites and the many little hurts
common to every family, DeWitt's
Carbolized Witch Hazel salve is the
best remedy. It is soothing, cool-
ing, clean and healing. Be sure
you get DeWitt's, sold by L. S.
Simmons.

Galliano's Quinine Tonic

Ladies if you want to save the
trouble of shampooing your hair, use
Galliano's Quinine Tonic, twice a
week, also can be used in case of
prickly heat. To be rubbed thor-
oughly in the scalp. If not satis-
factory money refunded.

SUPERIOR COURT NOTES

In Judge Seawell's department
of the Superior Court on Monday
the divorce suit of Frank Lee Brun-
son vs Annie J. Brunson will be
submitted on briefs. The letters
were received subject to objection.

The suit of Justus H. Cole vs. H.
L. Cole et al., was set for trial for
September 3.

The further hearing of the
matter of the estate of Catherine
Alton was continued to September 2.

the suit of Mary Burns vs. John
Burns, was continued to July 1.

The petition to pay claim of the
Santa Rosa Bank in the estate of
Hannah H. Paxton, was granted.
The order heretofore made was set
aside and a continuance was granted
to September 2.

These matters were continued:
Rhodes vs. Templeton, Frese vs.
Peterson, Burel vs Burel, to July 1.

The demurrer was argued in the
suit of E. Pellascio vs. W. P. Taylor
et al.

In Judge Denny's department
the final accounts were settled and
distribution ordered of the estates
of Harriet L. Colbroth and Alfred
H. Youdi.

The final account of the estate of
F. H. Newman was settled and al-
lowed.

Clemente Ordisi was named ad-
ministrator of the estate of Rose
Leonardini in a bond of \$100.

A sale of realty was granted in
the estate of Ray Victor Crowell.

An attorney fee of \$300 was fixed
in the estate of Leopold Malonchi.

These probate matters were con-
tinued: Estate of E. H. Riley to
July 1; estate of Waldo A. Tomas-
ini to July 8.

The estate of J. M. Carter was
set aside to the widow.

The order setting the suit of the
French-American Wine Co. vs. A.
W. Garrett et al., for trial was set
aside and the matter was dropped
from the calendar.

W. W. Houston was named
commissioner in the suit of the
Santa Rosa Bank vs. Alexander et
al, in a bond of \$2,500.

The trial of the suit of Cordano
vs. Wright was set for trial for
September 5.

In the suit of Jacobs vs. Jacobs
the order to show cause was dis-
missed.

The suit of Pollitz vs. Wicker-
sham, was dropped from the calen-
dar to be restored on motion.

The demurrer in the suit of Ames
vs. Knowles was submitted.

The suit of Wheeler vs. Wheeler
was continued to July 26.

Cured Hemorrhages of the Lungs

"Several years since my lungs
were so badly affected that I had
many hemorrhages," writes A.
Mr. Ake, of Wood, Ind. "I took
treatment with several physicians
without any benefit. I then started
to take Foley's Honey and Tar,
and my lungs are now as sound as
a bell. I recommend it in advan-
ced stages of lung trouble." Foley's
Honey and Tar stops the
cough and heals the lungs and pre-
vents serious results from a cold.
Refuse substitutes. L. S. Simmons

A lot of people never hear of
portunity knocking because they
themselves are too busy "knock-
ing" other people.

"This little pig went to market,"
doesn't amuse tonight.
Baby's not well; what's the matter
Her dear little cheeks are so white;
Poor little tummy is aching, nau-
ghy old pain go away.

then she'll be bright as the day.
It is sold here by L. S. Simmons.

"We must take the initiative,"
remarked President Roosevelt the
other day, during a discussion in
which the introduction of "the big
stick" seemed advisable. "This,"
remarks a Washington journal,
"may cause Mr. Bryan to spike
down the referendum."

A man who is in perfect health,
so as he can do an honest day's
work when necessary, has much
for which he should be thankful.
Mr. L. C. Rodgers, of Branchton,
Pa., writes that he was not only
unable to work, but he could not
stoop over to tie his own shoes.
Six bottles of Foley's Kidney Cure
made a new man of him. He says,
"Success to Foley's Kidney Cure."

Chicken Pie Dinner

The ladies of the M. E. Church
will give a chicken pie dinner in
the Barbarini building on First St.
East on July 4th next. A good tasty
square meal for 50 cents.

When you want to take an ac-
curate census of the working mem-
bers of a congregation attend a
couple of prayer meetings.

There is no case of indigestion,
no matter how irritable or how ob-
stinate that will not be speedily re-
lieved by the use of Kodol. The
main factor in curing the stomach
of any disorder is rest, and the only
way to get rest is to actually digest
the food for the stomach itself. Kod-
ol will do it. It is a scientific pre-
paration of vegetable acid is contain-
ing the very same juices found in a
healthy stomach. It conforms to the
Pure Food and Drugs Law, sold
by L. S. Simmons.

A lot of men who have abound-
ing faith in themselves never get
energy enough to muster up the
work that ought to go with it.

Will Cure Consumption

A. A. Herren, Finch, Ark.,
writes: "Foley's Honey and Tar is
the best preparation for coughs,
colds, and lung trouble. I know
that it has cured consumption in
the first stages." You never heard
of any one using Foley's Honey
and Tar and not being satisfied. L.
S. Simmons.

The man who defends profanity
on the ground that it is a safety
valve for his temper usually finds
himself at the blowing-off point
most of the time.

A Lesson in Health

Healthy kidneys filter the impu-
rities from the blood, and unless
they do this good health is impos-
sible. Foley's Kidney Cure makes
sound kidneys and will positively
cure all forms of kidney and bladder
disease. It strengthens the whole
system. L. S. Simmons.

The man who watches the clock
most, is usually the man who com-
plains loudest about the size of his
pay envelope.

CELEBRATION NOTES

Everything has now been arranged to give the "biggest" celebration that has ever taken place in the historic old town of Sonoma.

The parade committee have decided to give valuable cash prizes for the best floats, decorated carriages, buses, etc. The Bear Flag monument is in place and the parade on which the inscription is carved will be put in place on Monday. Mrs. Rachel J. Snyder, kindly donated the huge boulder and O. W. Gracie transported the same to the plaza, free of charge. Business men and residents along the line of march are requested to appropriately decorate their homes and places of business in honor of Independence Day. The parade will start at the N. P. depot here at 10:30 o'clock or as soon as possible after the arrival of the morning train. Chairman Robin, of the Decoration Committee, has planned out a beautiful scheme of decorating Union Hall which will present a very lively and patriotic appearance.

The literary program for the day is as follows:
Parade 10:30.
Unveiling Bear Flag Monument in plaza.

IN UNION HALL
Music—Band.
Remarks by Robt. A. Poppe, President of the day.
Invocation—Rev. C. C. Cragin.
Music—Band.
Reading "Declaration of Independence"—Prof. R. H. Platt.
Song "Star Spangled Banner"—Miss Hazel Gies.
Oration—Judge Emmet Seawell.
Music—"America." By the audience.
Races at 2 p. m.
Grand Ball in evening at Union Hall.

THE CITY HALL

The Stone Masons Union held an important meeting in San Francisco last Saturday to consider the strike situation. Some months ago the men employed here on the city hall with others throughout the state, struck for an advance in pay, from \$5 to \$6 per day. This the builders claim they cannot afford to pay and hence refused. The committee decided to stick to their original demand and to refuse to work for less than \$6 per day.

It is probable that Contractor Newman will have to finish Sonoma's new municipal building with non-union help.

SONOMA VALLEY OIL CO.

Mr. Chas. F. Cutter and others have organized a new business enterprise here, namely, the Sonoma Valley Oil Co. The company will have their own transportation facilities direct from refinery to consumers and thus effect a great saving to their customers. They will deal in all kinds of oil, especially, crude, fuel oil, distillate and gasoline. They have already made many good sales. They will do a wholesale and retail business and will deliver free large orders anywhere in Sonoma Valley. At present the company's warehouse and store room are at the Chas. F. Cutter place below town.

NO FIREWORKS

Boys and girls, as well as children of a bolder growth, must remember that it is a violation of law to discharge fire crackers or fireworks of any kind in the city limits of the city of Sonoma. Don't do it—it is risky, expensive, dangerous to life and property and don't slow patriotism and we'll wouldn't be jolly to celebrate in jail.

Seven Are Successful

The County Board of Education completed its task of examining the papers of the applicants for teachers' certificates late Monday evening. Seven of the young ladies out of eleven passed. The successful applicants were Miss Susie Pascoe of Eureka, Miss Edith Binn of Santa Cruz, Miss Elizabeth Hawn of Ukiah, Miss Helen E. Mellick of Schellville, Miss Margaret Given of Forestville, Mrs. Critie Chamberlain of Alpine Valley and Miss Estelle Hall of Petaluma.

GOOD SHOW COMING

Next Wednesday evening, July 3, in Union hall, the people of this city and valley will be given an opportunity to see and hear one of the best vaudeville shows going. It is known as the Bel Novelty Road Show and is under the management of D. H. Wyckoff, who has banded together a number of high class artists for his performances. Mr. Wyckoff is an experienced theatrical manager and has employed only high class talent. The cast for next Wednesday evening is as follows:

Angelo and LeBlanche, Comedians; Nellie Mortina, Italian accordion player and singer; Marjiam Mar, Coon shouter; Foster and Henderson, Comedy Sketch Artists; Harry Adler, Dialect comedian and imitations; Frank Costello, Illustrated songs. Two reels of moving pictures. Dancing after the performance. The company will give a show in Union Hall, Sonoma every Wednesday evening through out the summer, with an entire change of program each week. Admission 15, 25 and 35 cents.

Mrs. Cliff Surprised

A goodly number of the friends and neighbors of Mr. and Mrs. E. H. Cliff, tendered the latter a surprise party at their home in El Verano last Saturday evening in honor of her birthday. The invited guests brought with them a bountiful supply of ice cream, cake and other delicacies.

While completely surprised, Mr. and Mrs. Cliff nevertheless, proved equal to the occasion and entertained their friends in royal good style. Vocal and instrumental music and a delicious spread were features of the evening's pleasures. Mrs. Cliff was the recipient of many pretty and useful gifts.

Miss McGimsey Successful

Miss Bertha McGimsey, daughter of Mr. and Mrs. T. J. McGimsey of this city, passed a very creditable examination in Mendocino Co. last week and has been granted a grammar grade certificate by the Board of Education of that county. Her host of friends here and elsewhere, extend hearty congratulations and bespeak for her a bright career in her chosen profession.

THE RACES

Judging from the entries already made, the good purses and the general interest shown, the races in Sonoma on the Fourth, next Thursday will be the most attractive event of the kind ever given here. There will be six good races—running, trotting and free for all races on the program. Racing starts at 2 p. m. sharp.

A Fine Tree

Mr. Picetti, who owns the old Glister place below town in the Huichica District, brought to this office the measurement of a live oak tree on his place, measuring 20 feet, 11 inches in circumference. Many one knows of a live oak tree in "this neck of the woods," that will beat this one, we would like to hear of it.

Lutgens Will Move

Lutgens candy and ice cream parlors will move into the new Breitenbach building about the last of July, by which time it is expected all the new machinery will have been in place. When settled in their new store, Lutgens will be one of the most complete and up-to-date plants of its kind in the state.

IMPORTANT MEETING

Each and every person on the various Fourth of July committees, must not forget to attend the meeting next Tuesday evening in the city pavilion. Important business must be attended to. Don't forget it.

N. S. G. W. Notice

All members of Sonoma Parlor are urged to be present at the meeting of the parlor next Monday evening. Initiation, banquet and other important business.

L. H. GREEN, Sec'y.

NEW DROP CURTAIN

Artist Dakin is busy with the new drop curtain in Union Hall. The scene has been painted in and the advertising spaces surrounding it are being rapidly taken up. It is expected that the curtain will be completed and in place by July 3.

CLEAN UP

Those who have not done so, are requested to clean up in front of their homes and places of business tomorrow, Saturday. The City will have a wagon around in the morning to haul away the dirt.

Fruit Wanted

I want to buy fresh table fruit. Will pay cash on delivery to my place in El Verano.

L. MOUYER.

THE VOTING CONTEST

Owing to the pressure of new ads and a lack of space, we were obliged this week to limit the detailed account of our Summer Resort Contest and the conditions governing the same.

The Expositor is the best local paper and having by long odds the largest circulation, and this very naturally accounts for the demand on its space for advertising purposes by shrewd business men. In order to meet this demand, we had to make space, without encroaching on our news columns. The contest however, goes merrily on.

The conditions can be briefly stated: Each and every yearly subscription paid in before Aug. 1, 1907, entitles the subscriber to 200 votes for his favorite resort. The winners get three valuable prizes. Pay your subscription now and help your friends in the race. The following votes have been cast up to date in the Expositor Resort Contest:

El Verano Lawsuit

The condemnation suit of Sonoma Co. vs. Yulupa Land and Water Co. for a right of way for a new road near El Verano, was heard before Superior Judge Seawell this week. Among those who were called as witnesses in the case were: P. R. Davis, Thomas B. McNamara, Miss Maggie Biggins, L. L. Lewis, James M. Oliver, Robert P. Hill, J. W. Obit, E. McKillop, William Wyatt, E. H. Cliff, E. O. Gates, W. H. Bridges, P. H. Thompson, A. D. Graham, A. E. Hardie, F. J. Laverone, Supervisor Blair Hart and others.

The matter was submitted without argument and Judge Seawell will decide in a few days. Attorneys A. B. Ware and Clarence F. Lee, appeared for plaintiff county.

Two Divorce Suits

Mrs. Rebecca Palmer, of Sonoma commenced an action in the Superior Court Monday against her husband, Jasper C. Palmer. The grounds on which the divorce is asked are not mentioned, but it is understood they are of a sensational nature. Robert A. Poppe is the attorney for the plaintiff.

On Monday last, Mrs. Katie E. Fussell brought suit against her husband, D. A. Fussell, of this city, for divorce. The grounds on which the decree is asked, are neglect and failure to provide. W. F. Coxan is plaintiff's attorney.

W. R. Ward, of Dyersburg, Tenn., writes: "This is to certify that I have used Orin's Laxative Fruit Syrup for chronic constipation and it has proven without a doubt, to be a thorough, practical remedy for this trouble, and it is with pleasure I offer my conscientious reference." L. S. Simmons.

Card of Appreciation

I desire to express publicly my sincere gratitude to the many friends whose kindly assistance and attentions given during the serious illness of my wife at Sonoma Grove, were of incalculable value. Especially do I desire to mention Dr. Frederick Leix, the attending physician, and Miss Madeline Boyd, whose devoted attentions during the critical illness were invaluable.

Sincerely,
JACOB SCHMIDT,
629 Shotwell St., San Francisco.

Another Success

The Grangers picnic in Glen Ellen last Saturday, was as usual a pleasing success. There was a literary program, games and luncheon in the shade of the trees. Atorney Frank Sprague, of this city, delivered a brief address which was well received. Great credit is due to the committee of arrangements. Mrs. Ida Wagner, Mrs. Harry Weise and Geo. Cobb, for the able manner in which the event was managed.

If you will make inquiry it will be a revelation to you how many succumb to kidney or bladder troubles in one form or another. If the patient is not beyond medical aid, Foley's Kidney Cure will cure. It never disappoints." L. S. Simmons.

Business Opportunity

FOR SALE—A fine new two story hotel and residence near San Rafael, Marin Co., can accommodate 50 people. Good paying bar attached to the place. To be had at a bargain if taken at once. For further information call on or address Expositor, Sonoma, Cal.

ECZEMA AND PILE CURE

Free. Knowing what it was to suffer, I will give FREE OF CHARGE to any afflicted a positive cure for Eczema, Salt Rheum, Erysipelas, Tinea, and Skin Diseases. Instant Relief. Don't suffer longer. Write F. W. WILLIAMS, 400 Manhattan Avenue, New York. Enclose Stamp.

Excursion on Fourth

The Northwestern Pacific Railroad will run excursion trains on July 3, 4 and 5. Parties desiring to attend the Fourth of July celebration in Sonoma City, can take any of the regular trains on the days mentioned and return on special train which leaves Sonoma at 8:30 p. m. Return limit July 5.

UNEEDA QUICK MEAL STOVE

2 burner size \$6.00

It burns common Coal Oil (and not much of it, either) with a clean, blue hot, smokeless flame.

It has no wick to bother with, like the old-fashioned, yellow flame, smoking and smelling Oil Stove.

The "Quick Meal" Wickless" was invented to enable ladies to do their cooking quickly and comfortably in a cool kitchen, and to prepare a "Quick Meal" and eat it in comfort.

The "Quick Meal" drives drudgery from the kitchen and worry from the house; it sweetens temper and it lengthens sleep. "Quick Meal" Stoves make happy homes.

The Young Physician.

WHAT HIS EXPERIENCE PROVED.

In the early sixties it was usually the duty of a practicing physician to ride out on his horse every day on his regular rounds of visits upon his patients. In those days a young man who had received a splendid medical training in one of the best medical colleges of that day was accustomed to ride ten, twenty, thirty miles a day, visiting the sick and the afflicted, and families called him for consultation to towns at considerable distances. It was his specialty to cure the most common and distressing diseases of women. He had early discovered that combining the extracts of the following medicinal plants, in the right proportion, without the use of alcohol his "Prescription" was most invariably cured in cases. Later, in order to place this remedy before the public in a shape easily understood, he established a laboratory where the medicinal plants were put in charge to accurately prepare his "Prescription" and put it in shape for shipment to all parts of the world. This remedy, which he named Dr. Pierce's Favorite Prescription, is not a "patent medicine" but a tonic and nerve for men, and a regular physician's prescription, and contains the following ingredients: Lady's Slipper root, Black

Cohosh root, Ulficorn root, Blue Cohosh root, Golden Seal root, and chemically pure glycerine.

Dr. Pierce does not claim for his "Favorite Prescription" that it is a "cure-all." It is recommended as a most perfect specific for women's peculiar ailments. So uniform are the results which follow the use of this remarkable remedy, that it can be truly affirmed of "Favorite Prescription" that it *helps and almost always cures*. Ninety-eight per cent. of the women who give this medicine a fair and faithful trial are cured and remain cured.

It is a powerful invigorating tonic, imparting health and strength in particular to the woman and its appendages. The local, womanly health is so intimately related to the general health that when diseases of the delicate womanly organs are cured the whole body gains in health and strength. For weak and sickly women who are "worn-out," "run-down," or debilitated, especially for women who work in store, office or schoolroom, who sit at the typewriter or sewing machine, or bear heavy household burdens, Dr. Pierce's Favorite Prescription will prove a priceless benefit because of its health-restoring and strength-giving power.

"I want to tell you of the great improvement in my health, since taking your 'Favorite Prescription,' says Mrs. H. S. Jones, of Forest, N. C. 'When I began its use I was a nervous, thin, and had despaired of ever having good health again. Could not sit up all day. I noted a great improvement before the first bottle was all used. Was suffering with almost every pain that a woman is subject to, and with all the ailments of the ovaries, painful and suppressed periods, and other symptoms of female disease. After taking six bottles of 'Favorite Prescription' I feel like a new person. Can ride horseback and take the fields of exercise and not feel tired.'"

Only one or two of these tiny, sugar-coated, lozenges will regulate the bowels, and give up and set in healthy, vigorous action a foul stomach, torpid liver and sluggish bowels. Send for a little dose, produce great results. First put up by Dr. R. V. Pierce, over 40 years ago. Much imitated but never equaled.

Send six recent stamps to cover cost of mailing and get a copy of the "Common Sense Medical Adviser," over 1000 pages. Address Dr. R. V. Pierce, Buffalo, N. Y.

ALFALFA PASTURE.

Unequaled For Horses and Hogs—How

It is conceded by large alfalfa growers and feeders that alfalfa is an unequaled pasture for horses and hogs, but that it contains an element of danger for such ruminants as cattle and sheep.

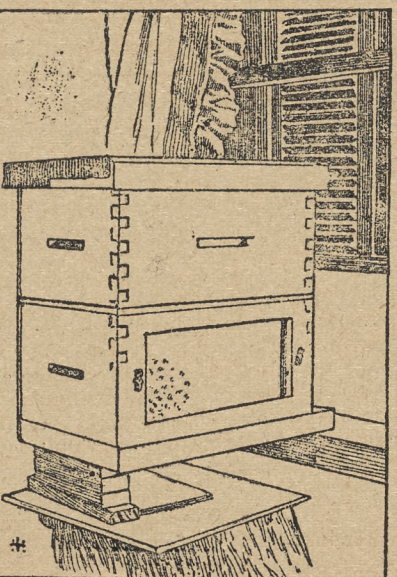

Experience also teaches that cattle and sheep must never be turned upon alfalfa pasture while the dew is yet on it or just after a rain. Many cattlemen and that they can accustom their cattle to alfalfa pasture by allowing them to feed for a few minutes each day first and by gradually lengthening the period until they can eat alfalfa from the pasture with apparent impunity, though the element of danger is never entirely removed.

Rich Mixed Pasture.

A prominent breeder of Shorthorn cattle who has made a success in the show ring and who is also a feeder on a large scale has for the past sixteen years made a practice of sowing alfalfa with other clovers and grass, so that he has a rich pasture, which keeps his cattle in the highest possible condition and with absolutely no danger from bloat. At least he says that in this period of sixteen years he has never lost an animal nor had one affected by bloat from pasturing on this mixed pasture. His combination of seeds for one acre of rich bottom land is as follows: Four pounds of alfalfa three pounds of red clover, ten pounds of orchard grass, ten pounds of English blue grass and one quart of timothy. For uplands or those which are less able to maintain heavy seeding he reduces the amounts of seed according to his judgment and past experience, the proportions remaining the same. The experience of this cattle feeder has been copied by others, who are meeting with equal success.

The Adaptable Bee.

That more persons do not keep bees is rather singular. They may be kept in the city or the country and in any locality. They are at home any place you set them down, either at the queen's palace or in the most remote corner of a wilderness. They will occupy a place that is of no use for anything else. They will save tons of

honey from going to loss. They are an absolute necessity to the horticulturist and have made some men rich, and in the now fashionable pursuit of nature study few things are more fascinating than the working of the bees, which may readily be observed in a glass front hive placed near a window, through which the bees fly.

Why Is This True?

Working on the most trustworthy statistics obtainable in regard to road accidents an esteemed contemporary has figured out that the automobile is just ten times as destructive as the horse. The automobile is supposed to be entirely under the control of the driver, while the horse has a will of his own, and the inference is that a horse is more or less difficult to control for this reason. Why does not this theory work out in practice?

GARDEN TALK

Real, instinctive, personal gardening, gardening can amuse, vent out of fashion in this country for perhaps fifty years. The grandmothers and grandfathers used to do it in a sweet and simple way, but popular gardening played a small part. Meantime England kept alive the gardening instinct of the race in the cottage garden—a true and beautiful thing. Our current fashion for the home garden, pretty and useful, is really the English cottage garden grafted upon our indigenous "grandmother's garden."

All onion seeds that are plump and full will sink in water, and those that are chaffy and light will float, so there is a ready means of separating the good from the poor seed.

The hen man poisoned with paris green is probably the easy way of fighting the cutworm. But he careful that chickens or other animals do not get at it.

As spring advances look out for weeds. If checked now they may be kept in hand all the year. Weeds on paths can be destroyed with common salt.

Thousands of gardeners are now blistering their hands by using garden hoses with too small handles. A handle that fits the hand does not batter the fingers, and owing to the better grip there is less friction, consequently fewer blisters.

If you have a high and dry, sunny and warm piece of soil slanting to the south and April is smiling, plant a small bed of sweet corn and take the risk of frost.

"This morning I started downtown in plenty of time to have walked to the office. A car came by me, and, largely through force of habit, but more through man's natural laziness, I hoped it."

"Yes?" said the friend.

"I hadn't any more than got on that car than my conscience began to upbraid me for the unnecessary extravagance in little things. It kept worrying me so much that I was just impelled to atone for the reckless step by beating the conductor and thus saving my nickel after all, since which time my conscience has been perfectly clear."—Baltimore American.

Food of the Oyster.

"Many gills, probably many tentacles, of water are drawn through the gills of each oyster each day," writes a university professor, "and the microscopic beings that it may hold are strained out and pushed along into the oyster's mouth. Each microscopic organism is a long time in traveling from the point where it first touches the gill to the oyster's stomach; all this while it is alive and capable of becoming the parent of new generations when removed from the gill and placed under suitable conditions. Most of these organisms are wholesome to man, and all that enter the oyster's stomach are quickly killed and converted into its palatable and nutritious substance, but so long as they are traveling along the gills all are alive and, some are extremely dangerous to man. The oyster excises choice in the selection of its food, rejecting some of the microscopic organisms and swallowing others, but those that are discharged into the water with the sewage of the cities are not unfortunately among the ones that are rejected, and before these have entered the oyster's stomach they are most favorably placed for gaining entrance into human stomachs and multiplying there."

Queer Beliefs About the Fern.

The fern was supposed to seed only on St. John's night and thus to possess those singular properties for which it had become almost sacred. The gathering of the fern was believed to be attended with considerable danger. Perver in his "Pandermonium," published in 1884, says: "Much discourse hath been about gathering of fern seed (which is looked upon as a magical herb) on the night of midsummer's eve, and I remember I was told of one who went to gather it, and the spirits whisked by his ears like bullets and sometimes struck his hat and other parts of his body. In fine, though he apprehended he had got a quantity of it and secured it in papers and box he bled, when he got home he found all empty. But most probable this appointment of time and hours is of the devil's own institution, as well as the fact that, having once ensnared people to an obedience to his rules, he may with more facility oblige them to stricter vassalage."

Cathedral of Siena	17,000
St. Mark's, Venice	16,000

The piazza of St. Peter's in its widest limits, allowing twelve persons to the square mile, holds 624,000; allowing four to the same, drawn up in military array, 208,000. In its narrowest limits not comprising the porticoes of the Piazza Rusticucci, 47,000 crowded and 158,000 in military array.

Dickens' Gay Clothes.

We were walking down Wellington street, Strand, and just passing the office of Household Words, when a handsome cab stopped, and out stepped a gayly dressed gentleman. His bright green waistcoat, vivid scarlet tie and pale lavender trousers would have been noticed by any one, but the size of the nose in his buttonhole riveted my attention. For it was a regular flower garden. My father stopped and introduced me, and I, who had only seen engravings of the Macaire portrait and a very handsome head in my mother's photograph album, was astonished to find myself shaking hands with the great novelist Charles Dickens. From Miss Friswell's "Recollections."

The Gilded Man.

At the headquarters of the Orizoco the Spanish traditions located the land of El Dorado. "The Gilded Man," a potentate whose country was so rich he gold dust that he had his body anointed with oil and sprinkled with gold every morning, so that he shone in the sun as though gilded. It is a curious fact that the country in which tradition located this marvelous being has never been explored by a white man.

NOTICE

Having purchased the barber shop in the Clewe Building of Geo. Gies. I desire to state to the people of Sonoma and vicinity that I am prepared to do first class work in my line and respectfully solicit a share of the public patronage. Satisfactory work guaranteed.

PURE BLOOD IS VITAL

Not everyone realizes the vital necessity of keeping the blood pure at all times. Impure blood not only causes various derangements and inability to perform one's work well, but gives a ready welcome to all germs of disease with which it comes in contact. It is the rankest extravagance to allow the human blood to remain in an impure, crimped condition. Safest, purest and best blood purifier on the market to day. It is a new remedy, a purely vegetable preparation composed of roots, barks and herbs, and contains no calomel or other injurious or medicinal drug. 204 doses for \$1, with a written guarantee that your money will be refunded if you are not cured of all troubles caused directly or indirectly by bad blood. You can purchase this wonderful new remedy at Clewe's. John McNeil, sole agent for Sonoma County. Ohm's Sulphur Springs, Sonoma.
